ABOUT ME

I'm a Web Developer with 1 year of experience in building responsive and user-friendly websites. I have strong skills in HTML, CSS, JavaScript, PHP, and WordPress, creating websites that look great and work smoothly. I also know on-page SEO to help websites rank better on search engines. I have basic knowledge of React.js, Shopify, and CodeIgniter, making me flexible for different projects. I've worked on many projects, focusing on quality, attention to detail, and ensuring clients are happy.

EXPERIENCE

Web Developer
Maviyom Aviation
December 2024 to Present

Led development while improving PHP skills. Developed responsive websites, enhanced functionality, and optimized SEO. Collaborated with teams to ensure high-quality, focused web solutions and site performance improvements.

Web Developer Intern
Avesent
August 2024 - November 2024

Worked on a PHP project and developed an e-commerce website. Assisted in creating responsive websites, optimized performance, and contributed to on-page SEO strategies to enhance site visibility and user experience.

Junior Web Developer Intern
Quality Zone Infotech
January 2024 - July 2024

Worked on PHP and WordPress projects, developing and delivering websites for clients. Assisted in building, optimizing, and troubleshooting sites, while gaining valuable experience in development processes and client communication.
